

Hines Happenings

Edward Hines Jr. VA Hospital (VAH)

5000 South 5th Avenue
Hines, Illinois 60141
708-202-8387 (VETS)
"Serving with Pride"

About Hines: Edward Hines, Jr. VA Hospital is located 12 miles west of downtown Chicago on a 147-acre campus. Hines is the largest VA in the state of Illinois, where more than one million Veterans live.

Specialty Services Offered Include:

- Spinal Cord Injury Acute Care and Residential Care Facility
- Community Living Center
- Women's Health, including co-located gynecological services, social work services, and mental health services.
- Preservation, Amputation, Care and Treatment Program (PACT)
- Hospice Care and Respite Care
- Interventional Cardiology and Cardiovascular Surgery
- Substance Abuse Programs
- Post Traumatic Stress Disorder Program
- Homeless Programs
- Polytrauma Center for severely injured Veterans
- Blind Rehabilitation Center
- Home Based Primary Care
- Operation Enduring and Iraqi Freedom (OEF/OIF) Veteran Case Management

Authorized Beds: 471

Budget: In fiscal year 2010, the Hines VAH budget was approximately \$510 million.

Workload: In fiscal year 2010, more than 56,000 Veterans were treated at Hines. In addition, more than 631,000 patient visits occurred at Hines Hospital or at one of our Community Based Outpatient Clinics in fiscal year 2010. We expect these numbers to increase in 2011.

For more information visit our website www.hines.va.gov

Fisher House: In March of 2010, Hines VAH was proud to open the first Fisher House in the state of Illinois. Already, more than 200 families have stayed in our Fisher House,

which offers free on-campus lodging for patient families as they accompany their loved ones receiving medical treatment at Hines. Patient family members who reside more than 50 miles from the hospital or who have a more than two-hour commute, are eligible to stay in our beautiful new Fisher House. The new Hines Fisher House was officially dedicated in a

ceremony on May 28, 2010. On Memorial Day 2010 President Barack Obama visited the Hines Fisher House. The President met with families and Veterans staying in the House and offered his thanks to the Hines staff for the excellent care they provide to America's heroes. It was a very special day for our hospital.

Healthcare for Homeless Veterans: Hines VAH is committed to assisting our Veterans who are experiencing homelessness. In concert with President Obama and Secretary Shinseki's Directive to end homelessness among Veterans in five years, Hines VAH provides outreach services, transitional and permanent housing options, as well as involvement with the new Veterans' Justice Initiative to all our eligible Veterans. We are actively pursuing a new Homeless Veterans/Transitional Living Center on campus. We are hopeful that this initiative will come to fruition in the future.

Operation Enduring Freedom/Operation Iraqi Freedom (OEF/OIF) Veteran Care:

Hines VAH is committed to ensuring that Veterans returning from the conflicts in Iraq and Afghanistan are transitioned seamlessly from active duty into the VA system. Case managers are assigned to returning veterans and provide them with personalized assistance and support. Hines VAH outreaches to the veterans through National Guard and Army Reserve Welcome Homes, Yellow Ribbon and Department of Defense events. More than 8,000 OEF/OIF veterans or active duty service personnel are currently registered for care at Hines VAH. Hines treated more than 6,000 OEF/OIF Veterans in fiscal year 2010.

Facility Improvements: Hines VAH opened its doors to America's Veterans in 1921. Although many of the buildings on our campus are older, modernizing our patient care areas is a top hospital priority. There are currently more than 140 ongoing construction projects on the Hines campus, including renovation of the 12th floor to establish a new Dental Clinic. Renovation of the 5th floor Bldg. 228 was just completed to establish modernized space for Prosthetics/Orthotics. The Hospital is also redesigning two buildings on campus to accommodate returning veterans in a brand new OEF/OIF Center and Compensation and Pension Exam Department. Plans call for these

For more information visit our website www.hines.va.gov

buildings to include a new Psychosocial Rehabilitation and Recovery Program (PRRC), a Veteran and Employee Wellness Center and a state-of-the-art Simulation Center.

Women's Health Program: Hines VAH provides top level coordinated high-quality comprehensive care to our women veteran population. Hines VAH opened a new Women's Health Center in our main bed tower building on June 7, 2010. The new Center more than doubles the existing space of the previous Women's clinic and offers female veterans a modernized, private environment in which to receive our top quality care. The new Women's Health Center also features a special play area for children, a lactation room and private bathrooms adjoining each exam room.

Research: Hines is proud to house one of the VA's premier Research Programs. Hines VAH researchers have been published in medical journals and received national and international news media attention for their groundbreaking research on traumatic brain injury treatment, Parkinson's, ALS, Spinal Cord Injury treatment and much more. There are currently 162 investigators working on the approximately 563 ongoing research projects at the facility.

Telehealth Services: Hines VAH is a leader in the use of telehealth services, which allows us to service Veterans closer to their homes. Hines VAH provides telehealth services for Mental Health, Speech and Audiology, Nutrition counseling, MOVE!, medication management and Polytrauma services in the CBOCs.

Centers of Excellence: Hines VAH has been designated as a Center of Excellence by the Peripheral Neuropathy Association. Hines is only one of 14 other such Centers in the United States so designated by the Association and is the only VA Hospital. There are over 400 patients with diabetic neuropathies being treated at the Hines VAH.

Plans for Permanent Transportation Network: Hines VAH is planning a transportation network between the main campus and our six Community Based Outpatient Clinics. Drivers, with handicapped accessible vans, will be stationed at each Clinic and will make a trip to and from Hines VAH each day. Hines will be proud to offer our Veterans the use of this transportation network in the spring of 2011.

On Campus Parking: Hines is proud to offer our patients free valet parking. In addition, the hospital added 166 additional parking spots south of our main bed tower, Building 20, in 2010. Construction is ongoing to create an additional 450 parking spots north of Building 200. By fall, there should be close to 650 additional parking spots on campus.

Access: In addition to the services available at the main campus, Hines proudly serves veterans through six Community Based Outpatient Clinics (CBOCs). Our goal is provide Veterans with top quality health care as close to their homes as possible. Services

For more information visit our website www.hines.va.gov

include comprehensive primary care, mental health, EKG, telehealth, and laboratory services at all six clinics.

Hines VA Hospital Community Outpatient Clinics

Aurora CBOC

161 South Lincolnway
North Aurora, IL 60542
Phone: (630) 859-2504
Monday – Friday 8:00 a.m. - 4:30 p.m.

In October of 2009, Hines expanded our Aurora Clinic by opening a new location that features double the clinical space in a more modern environment.

Elgin CBOC

450 W. Dundee
Elgin, IL 60123
Phone: (847) 742-5920
Monday – Friday 8:00 a.m. - 4:30 p.m.

Joliet CBOC

2000 Glenwood Ave
Joliet, IL 60435
Phone: (815) 744-0492
Monday – Friday 8:00 a.m. - 4:30 p.m.

Progress is being made to relocate the Joliet CBOC to a location that is currently occupied by Silver Cross Hospital. This new location will allow us to create a much larger clinic, offering veterans specialty care closer to where they live.

LaSalle CBOC

Progress Village
4461 N Progress Village
Peru, IL 61354
Phone: (815) 223-9678
Monday – Friday 8:00 a.m. - 4:30 p.m.

Edward Hines Jr. VA Hospital opened a new 9,600 square foot Veterans Clinic location in LaSalle County in early October 2010. The new location, which is only a few miles from and three times the size of the current clinic location in LaSalle, offers Veterans new and expanded services in a modern environment with state of the art medical equipment. Some of the services offered in the new LaSalle Clinic location include:

- Physical Therapy
- Geriatrics

For more information visit our website www.hines.va.gov

- Traumatic Brain Injury Services
- Audiology
- Expanded Mental Health Services
- Retinal Imaging
- MOVE! Program
- Diabetes Group
- My HealtheVet Learning Center
- Women's Health Care
- And more specialty services to come!
